SUMMARY

I studied medicine at Tashkent Medical Academy, Uzbekistan. After graduation, I worked as a GP for 5 months. This work allowed me to know more about population health, importance of disease prevention and to use my knowledge in hands-on practice. I also improved my communication skills with patients and learned about different aspects of medicine from senior physicians there.

Now, I am continuing my education on Adult Nephrology. Along with my master degree, I worked as Emergency Medicine Doctor (a part-time job) for a year due to shortage of physicians in COVID-19 pandemic.

I also passed USMLE exams and soon will be ECFMG certified. My scores:

USMLE STEP1: 238

USMLE STEP2: 237
